Professional Experience

Frontend Developer

Pipedrive | 2021 - Present

- Built and enhanced CRM features using React, TypeScript, CSS3, GraphQL, and Relay.
- Designed and developed REST API endpoints to support scalable integrations.
- Improved performance and UI/UX of key application components.

Full Stack Developer

Limpide s.r.o. | 2020 - 2021

- Designed and implemented features for a proprietary sales app using the MERN stack (MongoDB, Express, React, Node.js).
- Developed custom REST API features and ensured seamless front-to-backend communication.

PHP/JS Developer (Part-Time)

GoOut s.r.o. | 2019 - 2020

- Created web scrapers and parsers to streamline data management.
- Developed ticketing widgets for partner sales and improved client website features.

Bug Tester (Freelance)

uTest | 2019

- Conducted exploratory testing of web and mobile apps to identify usability issues and improve software quality.

Music Teacher

Self-Employed | 2018 - 2019

- Provided private bass guitar lessons and facilitated group classes for various age groups.
- Customized lesson plans to suit individual learning goals and music styles.

Education

Bachelor of Music Performance

Humber College (Canada) | 2013 - 2018

- Specialized in bass guitar and electronic music, with coursework in audio production and arranging.

Full Stack JavaScript Course

The Odin Project (Online) | 2019 - 2020

- Gained hands-on experience in modern web development, including React, Node.js, and MongoDB.

Technical Skills

Programming Languages: JavaScript (ES7+), TypeScript, HTML5, CSS3

Frameworks/Tools: React, GraphQL, Relay, Webpack, Git

Audio/Creative Tools: Ableton Live, M8 Tracker

Additional Skills & Interests

- Strong communication and collaboration skills, with a background in teaching and mentoring.
- Experience working in international teams and multicultural environments.
- Passion for music technology, composition, and electronic music production.
